W. W. Pillsbury was in Montpelies and Barre Friday and Saturday. Word has been received by relative here of the death of Mrs. Stephen Rob erts of Berkeley, Cal. Mrs. Roberts maiden name was Agnes Taisey, the daughter of Thomas and Helen (Blair) Taisey of Groton, Mr. Roberts, who was also, a native of Groton, passe away a number of years ago. Mrs. Roberts wes one brother, A. G. Taisey of Montpeller, and several nices

and nephews in San Francisco.

Mr. Henry of the Nellie Gill com pany was the most successful fisher-man in this section thus far this season, taking from the Wells river just below the village Monday afternoon a trout measuring 17 inches and weigh-ing one pound and 10 ounces. This is he largest trout caught in this vicir ity for a long time. The big fish had been seen and angled for, but it remained for Mr. Henry to land him.

to the Knighta of Pythias and all the friends for their kindness and sympathy in my herravement; also for their beautiful floral offerings.

Thousands take them every night just the control of their beautiful floral offerings.

SEE BUSINESS ON UPGRADE

Reports of 30,000 Manufacturers Show Stable and Sane Advance

SOME PLANTS ARE ADDING WORKMEN

Automobiles, Jewelry and Leather Not So Good As In Others

New York, May 19.-Business and rade conditions throughout the United States, as reported by 30,000 manufacturers to John E. Edgerton, president of the National Association of Manufacturers here to-day show a 'stable, sane, definite and continuing advance.

"We have not only trued the corner," was Mr. Edgerton's summary of a surevy of the industry "We are now just completed. leaving it very far behind. Business is on the up grade in practically all of the basic industries.'

"The great majority of our basic industries report that the present trade s fair to good; some say it is excellent; but only a small part say it is poor," the report continued, "There is a general tenor of bright prospects for the future and ag reat many of the industries not only report that they are employing more men than they were a year ago, but that they are looking for a still further increase in their forces when the fall work sets in.

"In the steel industries to-day the survey shows conditions classed as excellent among six per cent of our membership; 25 per cent as good; 52 per cent as fair and 17 per cent as poor, "In the textile industry 70 per cent of them report conditions running from fair to excellent, and 30 per cent eport poor coditions.

the machine and tool indutsry we find 80 per cent of the replies re-porting conditions fair to excellent and the remainder not so encouragingly, "In three industries where retrench

ment is ordinarily acutely felt— auto-nobiles, jewelry and leather—the showing is not by any means gloomy, al-though not so good as in other lines. From the auto trades reports are 70 per cent; in jewelry 50 per cent and in eather 60 per cent.
"All of these business, from steel to

jewelry, report prospects for high Miss Ruth Buxton spent the week and fall."

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomei's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not

contain calomel, but a healing, soothing vegetable laxative.
No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

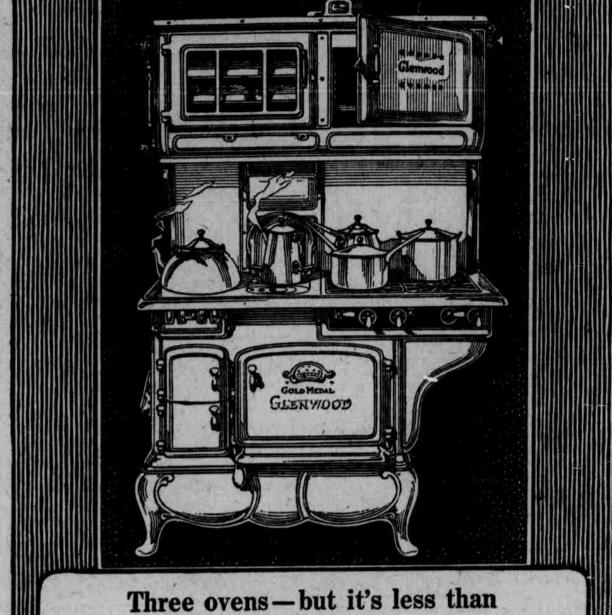

Card of Thanks.

I wish to extend my heartfelt thanks

C. J. COOKSON, Manager

The Men of the Organization Serving You

GOOD public service is as much a matter of men and organization as of, machinery and equipment. To maintain a high grade of service, it is essential that the men of our organization should be carefully chosen for their respective duties.

Mr. C. J. Cookson has served in practically every branch of the electrical industry.

He has had a wide experience in the electrical field, including 15 years with the Suburutility industry.

His connection with this Com- ities which we serve.

pany began in December, 1913, as distribution Superintendent. He was promoted to his present position in July,

As manager of this Company, ban Gas & Electric Company Mr. Cookson is responsible of Revere, Mass., and later for the co-ordinating of all dewith the Malden Electric partments of our organization, Company. The experience to the end that the service thus gained has given him a rendered by this Company thorough understanding of may be of the highest quality. the problems of the public and adequately meet the multiplying needs of the commun-
